Never run out of toner again!

With Print Audit® Facilities Manager, you can:

- ▶ Automatically notify your service provider when you're running low on toner
- ▶ Eliminate the burden of reporting meters to your provider
- ▶ Generate detailed reports that easily identify the most & least used devices, including those with the most service calls

<http://www.printaudit.com>

PRINT AUDIT® FACILITIES MANAGER

increases your productivity by simplifying the management of your printers, copiers and MFPs. The solution increases the efficiency of your office equipment by allowing your service provider to remotely monitor your devices to ensure optimal performance and reduce downtime.

KEY BENEFITS

Simplify supplies & service management

- ▶ Order toner & supplies with the touch of a button
- ▶ Reduce downtime with powerful service & status alerts
- ▶ Access your data from anywhere using the World Wide Web

Maximize printer assets

- ▶ Track total cost of ownership & identify costly devices for replacement
- ▶ Increase employee productivity by keeping devices running smoothly
- ▶ Automate reporting of meters for your print service provider

Learn more about your printing fleet

- ▶ Inventory all of your copies, printers, fax machines & multifunction devices
- ▶ Monitor volumes generated by each printer in your fleet
- ▶ Create powerful reports to spot equipment inefficiencies

"I am very impressed by your company... I have never received a better experience with technical support period!"

Chad Bailey - IT Support Technician
The University of Oklahoma

TECHNICAL ADVANTAGES

SMART ALERT SYSTEM

- ▶ Notifies your Help Desk of issues, at the right time - not all the time
- ▶ Gives you the power to configure your alerting needs
- ▶ Accurately predicts how long until toner runs out

DATA SECURITY

- ▶ Data transmissions are encrypted using the same security used by online banking systems
- ▶ All data is stored on a fully secured, firewall enabled third-party server
- ▶ No personal data is gathered
